

Hello everyone!

I hope you have all had a fun week learning about the colours we see in the Summer.

Mrs Ainslie said we were going to learn all about holidays, so I packed my suitcase...

and went camping in the living room!

I packed lots of things that come in pairs, to help me to count in 2s.

Then, I packed lots of things in different shapes, to help me learn the names of the shapes

I used the internet on our television to pretend I was on holiday and visiting an aquarium in America!

I have been on lots of little holidays to your houses and out and about doing lots of exciting things with you all.

Mrs Ainslie showed me some pictures of a holiday she went on. Look at all the colourful houses!

Have you ever been on holiday? Where did you go? What was it like?

I hope you have all had a good week. Keep working hard and keep in touch, I always love to see what you are busy with at home!

Lots of love,

Bearemy
