

The Mystery of the Missing Treasure

Captain Redbeard and his crew had been sailing for six long months when they finally arrived at Treasure Island.

After four days of walking, the crew finally started to dig at where X had marked the spot. However, when they opened the creaky treasure chest, all of the treasure was gone!

As Detective Chief Inspector on the case, it is your job to find out who has taken the treasure. You have taken down the names and descriptions of 20 crew members who were on Redbeard's ships.

There are also five important clues that have been discovered. To crack the case, you will need to solve each clue and check the information with the list of names.

Will you be able to solve the mystery and help Redbeard find the greedy pirate? Good luck!

Clue 2: All Aboard

Each of these words has two letters missing. Add the missing letters and write the word in the correct box, making sure to spell it correctly.

The two letters with the most matching words will show which ship the greedy pirate works on.

If **sp** has the most matching words, the pirate works on the **Evil Delight**.

If **st** has the most matching words, the pirate works on the **Golden Doubloon**.

If **sn** has the most matching words, the pirate works on the **Horrid Princess**.

The letters are used the most.

Which ship does the greedy pirate work on?

☐

Evil Delight

☐

Golden Doubloon

☐

Horrid Princess

Clue 3: Scrub the Deck

Draw a line to match the word to the correct grapheme. They all make an alternative sound. Make sure that you spell the words correctly.

The grapheme with the most matching words will show the treasure thief's job.

If **c** is needed most, the culprit is a:

C

powder monkey

If **y** is needed most, the culprit is a:

y

gunner

If **o** is needed most, the culprit is a:

O

boatswain

If **g** is needed most, the culprit is a:

g

carpenter

The grapheme with the most matching words is **g**,

so the greedy pirate must be a **carpenter**.
